

POWERsnap!
TRANSACTIONS MADE **POWERFULLY** SIMPLE

PowerSnap!® is the powerful industry mobile app that puts your real estate transaction information within your reach, anytime, anywhere.

Access real-time file status, details and documents, upload your contract to open escrow, and manage escrow services.

- Open escrow using the in-app **Customer Care Assistant**.
- View and send transaction information, including estimated closing date and order status.
- Minimize touchpoints by **Uploading or Emailing Contracts** when starting your order.
- Leverage **In-App Messaging** for convenient communication with your title and closing team to stay on top of your transaction and receive real-time updates.
- **Property Address Auto-fill** when starting a title order or creating a quote report saves time and improves accuracy.
- **Enhanced Filters** enable you to easily locate cancelled transactions from up to 12 months prior.
- Our **Agent Teams feature** keeps your transactions moving smoothly by sharing access to your team or coordinator for specific files or all transactions.
